## CLICK AND MOVE HOUSE MORE EASILY

**This week sees the launch of a brand new service that promises to take the hassle out of the legal side of buying or selling a house.**

...Everyone knows that moving house can be a stressful experience, fraught with inconvenience. Imagine if, instead of having to ring round for quotes, solicitors competed with each other to bid for your conveyancing work...

These were the thoughts of the founders of ClicknMove, a brand new online service for people who are looking for a solicitor to act on the sale and purchase of a property in England, Wales or abroad.

Visitors to the ClicknMove website will be asked to register details of the property they wish to sell or purchase. The process is quick and simple and completely free of charge. A panel of registered solicitors will then be able to bid online for the work and when the set 'bidding window' has closed, the visitor will decide which bid to accept.

The new company is the brainchild of solicitors and business partners, David Jones and David Pett who have 40 years combined experience in the provision of legal services and running their own practice.

ClicknMove Director, David Pett says, "We realised that traditionally, the onus has been on the customer to ensure they are getting the conveyancing services they require at the right price. We wanted to offer a far more convenient service for ClicknMove visitors. Simply by registering with ClicknMove, the client will receive competitive quotes from a number of reputable solicitors, who will bid to win their business."

David continues, "The ClicknMove website is easy to navigate, with each solicitor given a dedicated page allowing the visitor to find out more about each practice. It may be that location or experience are as important as price when a customer decides which firm to choose."

# Press Release

Visitors to the site will be able to choose a 'bid' at any time during the pre-determined bid window, or, if the client prefers to opt out of the bidding process, they will also be able to contact a panel solicitor directly through the ClicknMove website.

Once a bid has been accepted, an email will be sent out to the registered visitor with all the contact details of the successful solicitor.

David adds, "All panel members will be vetted so as to ensure only well-established and reputable solicitors become panel members. Maintaining the professionalism and integrity of the site is paramount to its continued success."

Visitors will also be able to find on site details of additional client services e.g. personal injury and family services.

ClicknMove can also be used to find a solicitor to handle re-mortgaging or property purchases overseas as well as Will making.
