

# Press Release

6th October 2004

## **CLICK AND MOVE – A NEW TOOL TO OFFER A WIDER CHOICE**

**Estate Agents are being offered the chance to generate more income from solicitor referrals through a brand new web-based service marketing conveyancing and will-making services.**

ClicknMove is an online service for clients who are looking for a solicitor to act on the sale and purchase of a property in England, Wales or abroad. The new company is the brainchild of solicitors and business partners, David Jones and David Pett who have 40 years combined experience in the provision of legal services and running their own practice.

Visitors to the ClicknMove website will register details of the property they wish to sell or purchase. A panel of registered solicitors will then be able to bid online for the work and when the set 'bidding window' has closed, the client will decide which bid to accept.

David Pett, Director of ClicknMove, says, "By agreeing to an exclusive arrangement with ClicknMove, we are offering Estate Agents the opportunity to charge for each referral to the company rather than on the basis of a converted transaction which is usually the existing arrangement between Estate Agents and local solicitors."

David continues, "Not only will this generate more income for the Estate Agent, but because there will be a number of solicitors registered to ClicknMove in each area, they will be offering their client greater choice. Solicitors will basically compete to win their business, offering the client best value."

Visitors to the site will be able to choose a 'bid' at any time during the pre-determined bid window, or, if the client prefers to opt out of the bidding process, they will also be able to contact a local panel solicitor directly through the service.

ClicknMove will also promote business between visitors looking to purchase property abroad and solicitors with expertise in this area.

To find out more or sign an agreement with ClicknMove, please contact David Pett on 01603 877004
